

Peter Benford

Peter, who died on 5 December 2007, was SRTA secretary for 40 years. He worked unstintingly throughout this period to improve services and as a result brought about major improvements to train services between Kent and London. Peter was widely respected by everyone for his deep knowledge of the issues and his ability to propose practical solutions to them.

Our thanks to the *Sevenoaks Chronicle* for their kind permission to use this photograph.
